REINVENTING PLEASURE

### ENGLISH INSTRUCTIONS

## PULSE -SOLO LUX-

The Guybrator™ with PulsePlate Technology™

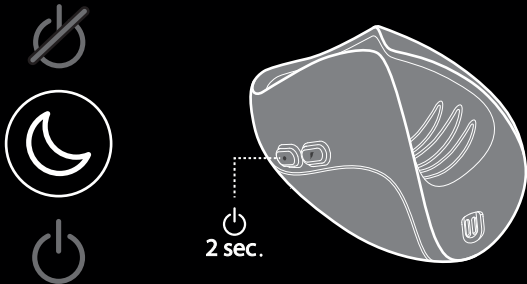

Our multi award-winning Guybrator™ with versatile wrist-strap remote, is the perfect partner for any penis. Powerful, high-amplitude oscillations delivered by our patented PulsePlate Technology™ will get your pulse racing, no erection or hands required.

It's innovative design and clever use of PulsePlate Technology™ means there is no need to stroke. Simply sit back and let the LUX's turbo-enabled PulsePlate™ take you all the way to a hands-free orgasm.

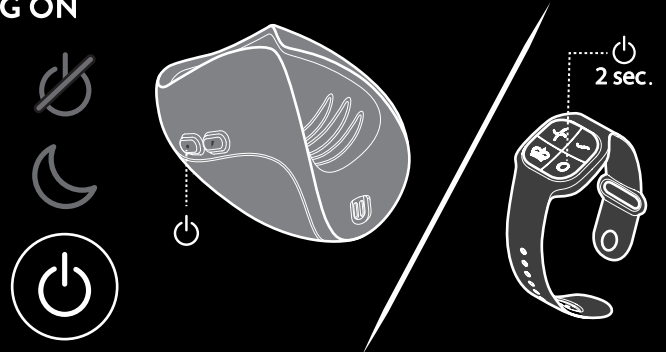

Alternatively, squeeze some lube to transform the PULSE SOLO LUX into a next-generation masturbator perfect for stroking. The choice is yours.

### TURNING ON

Press (power button) for 2 seconds. The toy will pulse twice. PULSE is now in standby mode.

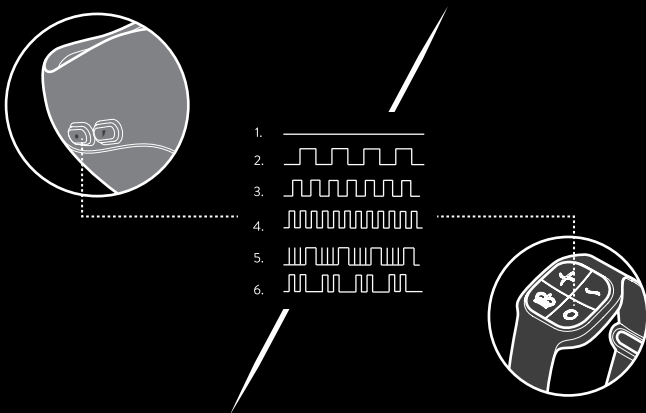

Short press (power button) again or hold (circle button) on Silver remote for 2 seconds to start PulsePlate™.

Press (+) and (-) buttons on toy or Silver remote to adjust PulsePlate™ power.

Press (lightning button) on toy or (crown button) on Silver remote to access Turbo mode.

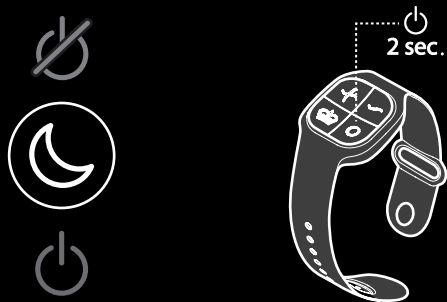

Short press (power button) on toy or (circle button) on Silver remote to cycles through patterns.

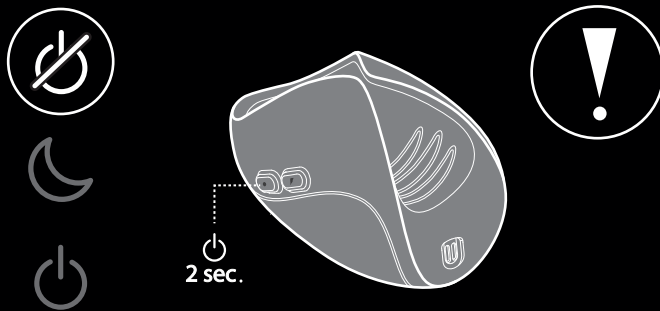

Try PULSE with and without lubricant for two different experiences.

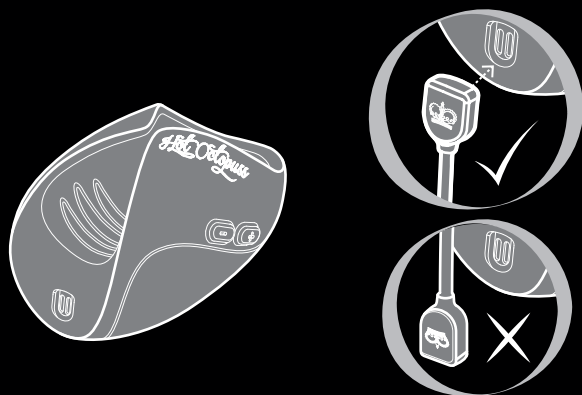

## TURNING OFF

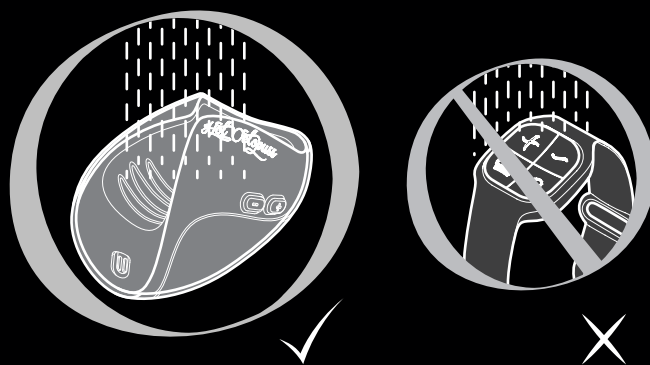

Pressing (circle button) on Silver remote for 2 seconds returns toy to standby mode.

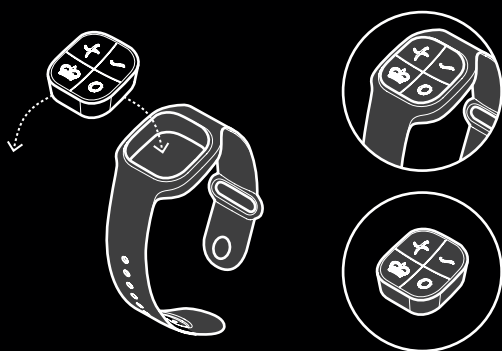

Press (power button) on toy for 2 seconds to switch off.

Charge for 4 hours before first use. When cable is attached LED on cable will light RED. When charged LED will turn GREEN. Charger will only work when connected the correct way.

PULSE is water resistant; remotes are not water resistant.

Remote can be removed from wrist strap.

PULSE uses a high-performance Lithium Ion battery. To maintain the quality of the battery and as a condition of the 12-month warranty, PULSE must be charged at least once a month.

"Hot Octopuss products are covered by various global IP rights including copyright, patent applications, patents (including US patent number 8,552,080, 8,900,120 and 5,923,107), and registered designs (including European Community Design Registration No. 002078762).

Made from skin-safe silicone. Does not contain phthalates or latex. Use with water based lubricants only. Sold as an adult novelty. Discontinue use if irritation or discomfort occurs. To avoid injury or aggravating pre-existing skin conditions, do not use on swollen or inflamed areas, or lacerated skin. No medical claims are warranted or implied by the use of this product. Designed by Hot Octopuss, London in Great Britain, assembled in China. PulsePlate and Hot Octopuss are registered trademarks.
